Mr. Secretary General of the United Nations,

I pledge my support for justice in Syria, and support the effective and speedy establishment of the international, impartial and independent Mechanism to assist in the investigation and prosecution of those responsible for the most serious crimes under international law committed in Syria since March 2011, as stipulated in resolution 71/248 passed by the UN General Assembly on 21 December 2016.

Please take the necessary steps to ensure that the Mechanism achieves its overall objective.
